Lesson 1

Multiplication Facts Practice

1. There are many ways to write **120** as the product of two whole numbers. Here's one: **1 × 120 = 120.** (**120 × 1 = 120** counts as the same way.) Find as many ways as you can.

_____ × _____ = 120

_____ × _____ = 120

_____ × _____ = 120

_____ × _____ = 120

_____ × _____ = 120

_____ × _____ = 120

_____ × _____ = 120

1 × 120 = 120

2. How do you know you found all the ways?
