

Making Fact Families

Draw a picture. What is the fact family?

1. James has 6 marbles.
2 are black.
The rest are white.

$$\begin{array}{r} 2 + 4 = 6 \\ \hline + \quad = \\ \hline 6 - \quad = 2 \\ \hline 6 - \quad = \\ \hline \end{array}$$

2. There are 7 cups.
5 are filled with milk.
The rest are filled with juice.

$$\begin{array}{r} + \quad = \\ \hline + \quad = \\ \hline - \quad = \\ \hline - \quad = \\ \hline \end{array}$$

3. Lynn has 8 balls.
4 of them have stripes.
The rest have spots.

$$\begin{array}{r} + \quad = \\ \hline + \quad = \\ \hline - \quad = \\ \hline - \quad = \\ \hline \end{array}$$
