

Adding Ten on the Number Line Hotel

NCTM Standards 1, 2, 6, 7, 8, 9, 10

What is the missing number?

1.

$$\boxed{3} + \boxed{10} = \boxed{13}$$

2.

$$\boxed{13} + \boxed{} = \boxed{23}$$

3.

$$\boxed{23} + \boxed{} = \boxed{33}$$

4.

$$\boxed{18} + \boxed{} = \boxed{28}$$

5.

$$\boxed{26} + \boxed{} = \boxed{36}$$

6.

$$\boxed{31} + \boxed{} = \boxed{41}$$

NOTE: Your child is learning to add ten using the Number Line Hotel. Ask your child to describe the rule for the problems on this page.

What is the missing number?
Draw the missing jump.

7. $12 + 10 = 22$

8. $27 + 10 = \square$

9. $0 + 10 = \square$

10. $37 + 10 = \square$

11. $\square + 10 = 43$

12. $\square + 10 = 16$

13. $\square + 10 = 31$

14. $\square + 10 = 19$

Challenge

What is the missing number?

15. $58 + 10 = \square$

16. $87 + 10 = \square$

17. $\square + 10 = 76$

18. $\square + 10 = 85$
