

Measuring Boxes and Rectangles

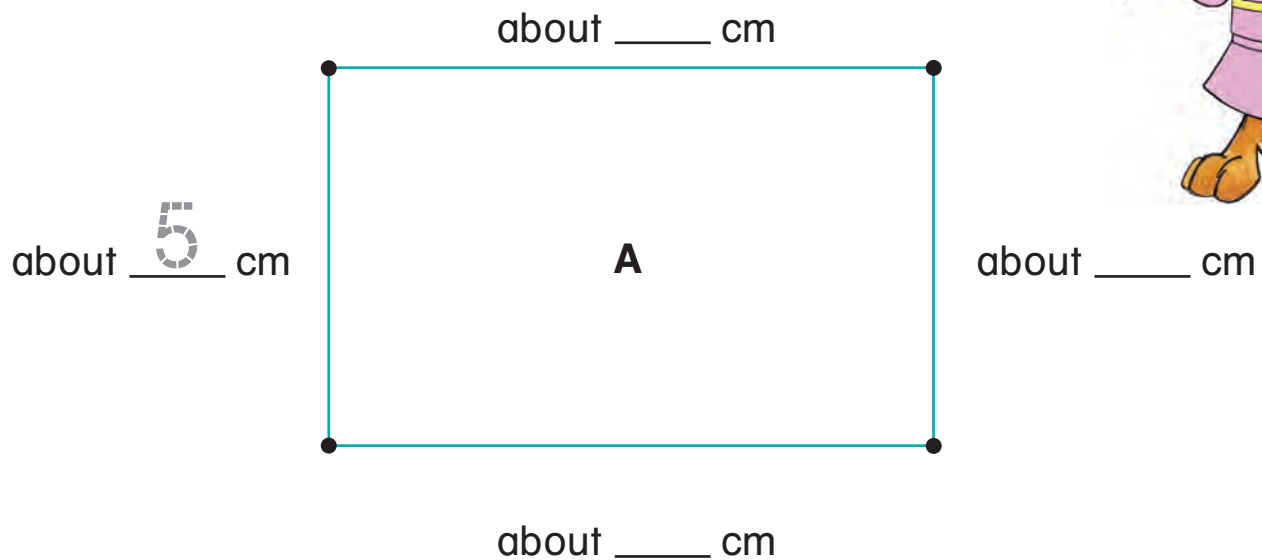

NCTM Standards 1, 3, 4, 6, 7, 8, 9, 10

What is the length of each side?

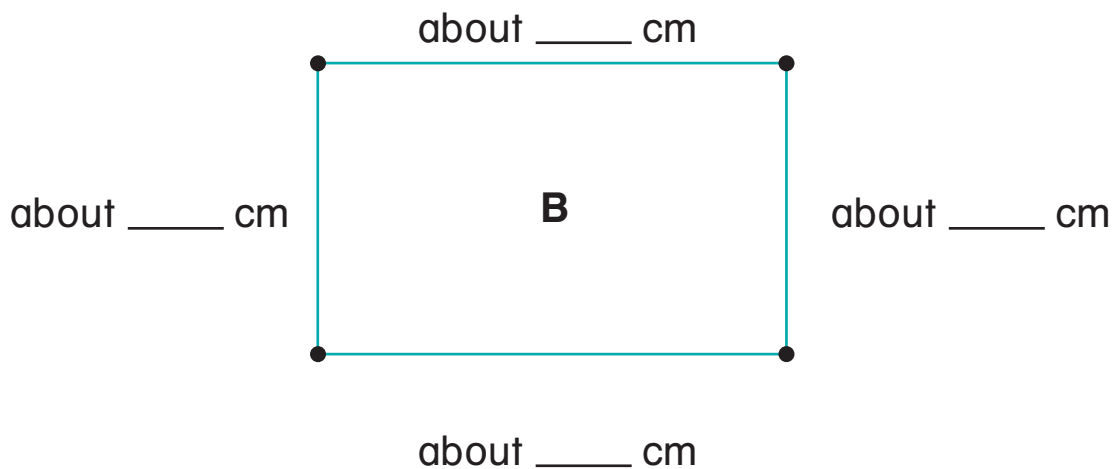

Remember,
cm is short for
centimeter.

1.

2.

 3. Will Rectangle B fit inside Rectangle A? Explain.

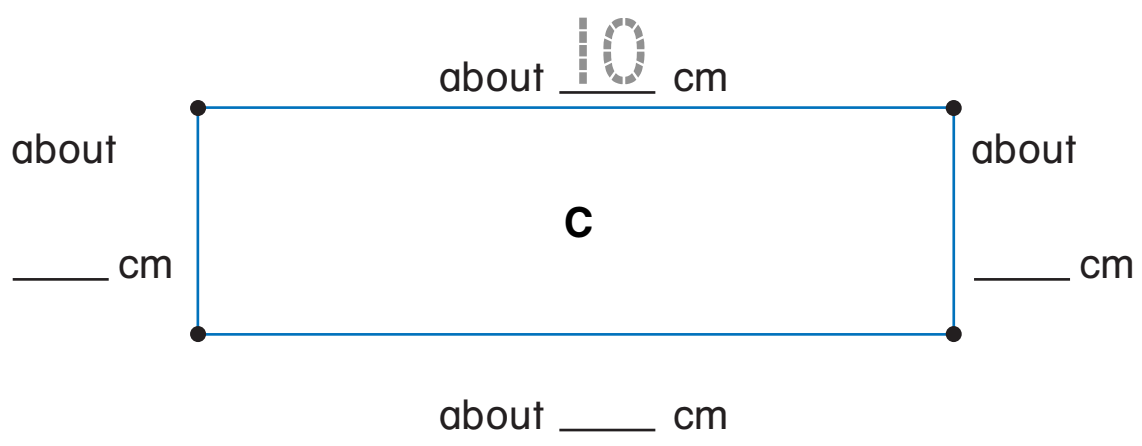

NOTE: Your child is learning to measure and compare measurements.

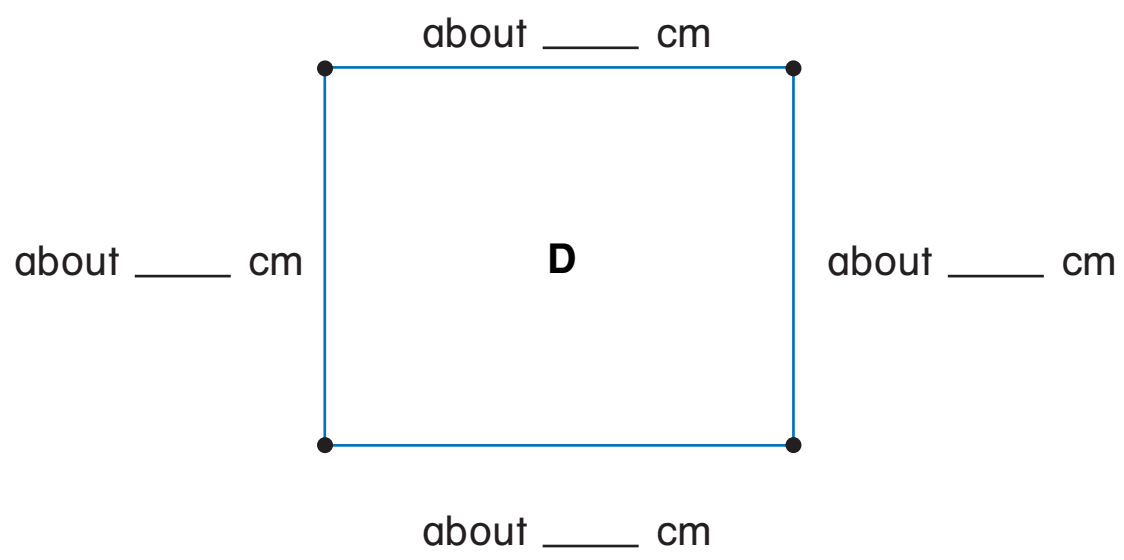

You might ask your child to measure the length, width, and height of two boxes and decide whether one will fit inside the other.

What is the length of each side?

4.

5.

Challenge

6. Will Rectangle C fit inside Rectangle D? _____

Will Rectangle D fit inside Rectangle C? _____

Explain.
