

Modeling Number Sentences and Stories

Write the number sentence and answer the question.

Kirit built 3 birdhouses in 4 days.

Then he built 12 more birdhouses in 2 weeks.

1. How many birdhouses did Kirit build?

$$\boxed{3} + \boxed{} = \boxed{}$$

_____ birdhouses

2. How many days did it take?

$$\boxed{} + \boxed{} = \boxed{}$$

_____ days

Katrina baked 12 muffins in 30 minutes.

Then she baked 18 more muffins in 1 hour.

3. How many muffins did Katrina bake?

$$\boxed{} + \boxed{} = \boxed{}$$

_____ muffins

4. How many minutes did it take?

$$\boxed{} + \boxed{} = \boxed{}$$

_____ minutes
