

Reasoning About Money

Dora collects aluminum cans for recycling. She gets 5¢ for each can she turns in.

1 If Dora gets \$1.00, how many cans did she turn in? _____

2 If Dora turns in 30 cans, how much money will she get? _____

3 Complete the table.

Dora turned in \blacksquare cans . . .	and she got \blacksquare .
5	
10	
	75¢
	\$1.00
25	
	\$1.50

4 Graph the points from the table.
