

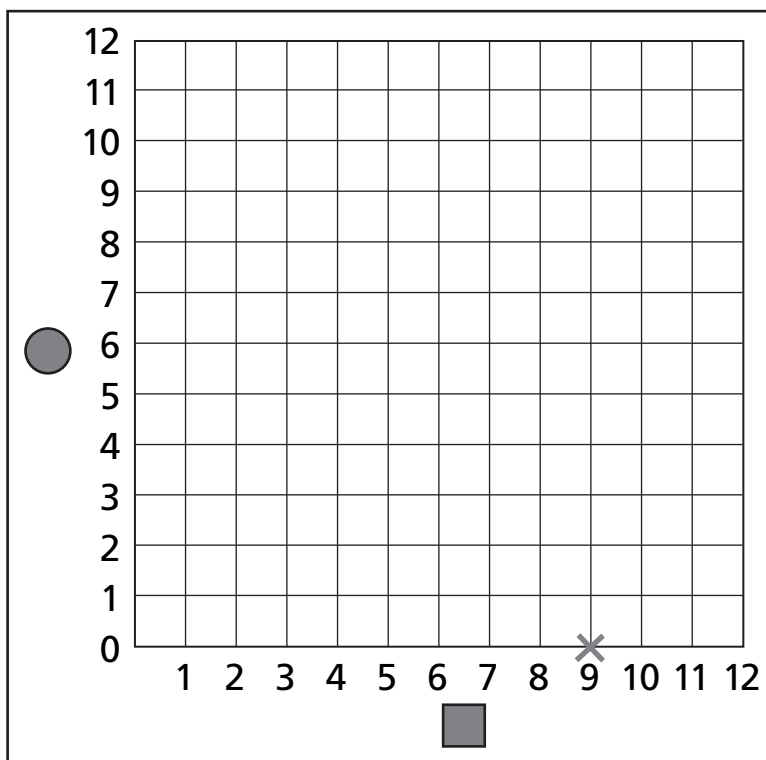

Graphing Solutions to Open Number Sentences

Complete the table for each open sentence and graph the points. Use an X for Problem 1 and a ● for Problem 2.

1 $\square + \bullet + \bullet = 9$

\square	9	7	5	3	1
\bullet					

2 $\square + \square + \bullet = 12$

\square	0	1	2	3	4	5	6
\bullet							

3 Is there a pair of numbers that works for both sentences? How do you know?
