

# Finding Missing Factors

Complete the multiplication sentences. You may imagine or draw the diagrams if you wish.

1  $29 \times \square = 87$

	20	9	29
$\times$	$\square$	$\times$	$\square$
$\times$	$\square$	$\times$	$\square$
$\times$	$\square$	$\times$	$\square$
$\times$	$\square$	$\times$	$\square$

2  $\square \times 7 = 112$

$\square$	$\square$	$\square$
$\times$	$\times$	$\times$
7	7	7
$\square$	$\square$	112

3  $\square \times 4 = 76$

$\square$	$\square$	$\square$
$\times$	$\times$	$\times$
$\square$	$\square$	$\square$
$\square$	$\square$	$\square$

4  $24 \times \square = 192$

$\square$	$\square$	$\square$
$\times$	$\times$	$\times$
$\square$	$\square$	$\square$
$\square$	$\square$	$\square$

5  $\square \times 6 = 132$

$\square$	$\square$	$\square$
$\times$	$\times$	$\times$
$\square$	$\square$	$\square$
$\square$	$\square$	$\square$

6  $15 \times \square = 105$

$\square$	$\square$	$\square$
$\times$	$\times$	$\times$
$\square$	$\square$	$\square$
$\square$	$\square$	$\square$
