

Introducing Angles

For 1–2, tell how many players could use the spinner in a fair game, if each letter or color gives one player a point. Explain how each number of players could use the spinner.

1

2

For 3–4, complete the spinner so that it could be used in a fair game by the number of players named.

3 5 players, but not 2 players

4 3 players, but not 2 players
