

Fractions of a Foot

Find equivalent fractions to complete the patterns.

1

1	2	3	4			25	
4	8	12		20	40		1,000

2

2		6	20			400	
3	6	9	30	60	90		900

3

5	1	10	25		15	6	60
25		50		100			

Test Prep

4 A dozen can be evenly divided by 2 or 3 or 4, but not by 5.

Is the same statement true about 5 dozen? Explain.

5 Morgan reads 4 pages in 10 minutes. How many pages can she read in 15 minutes? Explain.
