

Geometry

Find the figure(s) described by each statement below. Write the letter(s).

quadrilateral

parallelogram

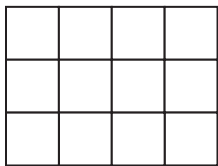

trapezoid

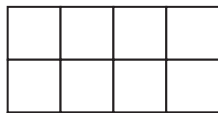

- 1 The figure has 4 sides and is closed. _____
- 2 The figure has exactly two pairs of parallel sides. _____
- 3 The figure has exactly one pair of parallel sides. _____

Measurement

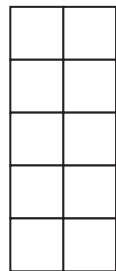

Find the perimeter and area of each figure.

4 

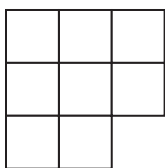

Perimeter = _____ units
Area = _____ sq units

5 

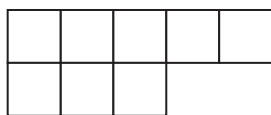

Perimeter = _____ units
Area = _____ sq units

6 

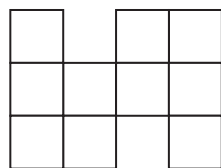

Perimeter = _____ units
Area = _____ sq units

7 

Perimeter = _____ units
Area = _____ sq units

8 

Perimeter = _____ units
Area = _____ sq units

9 

Perimeter = _____ units
Area = _____ sq units
