

# Changing the Scale of Graphs

Complete each table and make a graph to show the conversion. Choose an appropriate scale and number the axes accordingly.

**1**

Kilograms	Grams
1	1,000
2	
	3,000
6	
	7,000
8	

**KILOGRAMS-GRAMS CONVERSION**

**2**

Pounds	Ounces
1	
2	
$\frac{1}{2}$	
	24
	48

**POUNDS-OUNCES CONVERSION**

## Test Prep

**3** Find two equivalent fractions for  $\frac{3}{6}$  and explain how you did it.
