

The Game Show Puzzle

On the Mathematical Marvels game show, contestants score 3 points for each question they answer correctly, but lose 1 point for each question they get wrong.

One contestant, Vincent, had 44 points after answering 20 questions. How many questions did he get right?

| | |
|-----------------|----------------------|
| | Vincent |
| Score | 44 |
| Correct | <input type="text"/> |
| Incorrect | <input type="text"/> |
| Total Questions | 20 |
